70,000 People Drowned.

SAN FRANCISCO, Sept. 15.—The San Pablo arrived last evening, bringing Hong Kong dates of Aug. 14, and Yokohama dates to Aug. 30. Information has reached Canton of a frightful inundation in Kiang Sai province. The news is dated from Kiang Tak, the chief center of the pottery manufacture, and one of the great markets of the empire. The floods lasted four days, the entire country was submerged to the depth of sixty feet, and whole towns were swept away. It is believed that fully 70,000 persons perished. It was feared that pestilence would follow.

Struck With a Car Hook--Cattle Killed.

CHICAGO, Sept. 15.—William Monahan, driver of a Blue Island avenue car, struck a passenger named Matthew P. Sullivan with a car hook last night, and the latter will probably die. Sullivan and a companion were intoxicated and made an attack on the conductor of the car, which Monahan mistook for an attempt at robbery, which caused him to strike Sullivan.

The Jersey cattle on the farm of J. V. Farwell, near Lake Forest, have been killed on suspicion that they were affected with pleuro-pneumonia. An investigation is now taking place.

A Narrow Escape but they Solved its Secret.

OTTAWA, Ont., Sept. 15.—Several of the members of the party of British scientists, while in the Rocky Mountains, had a narrow escape from a frightful death. On Friday, while exploring a railway tunnel below Kicking Horse lake, four miles of the tunnel suddenly collapsed, precipitating an immense mass of rock in the midst of the party, two of whom were slightly injured. The geologists have obtained data by which they expect to be able to definitely establish the exact age of the mountains.

Would Not Stop.

LONDON, Sept. 15.—A Hong Kong special says that the Chinese officials explain that they first fired over the British gun boat Zephyr and fired directly at her afterwards because she refused to stop at the first shot.

ALONG THE ALBANIA FRONTIER.

CONSTANTINOPLE, Sept. 15.—The authorities are about to send a thousand men as a reinforcement to Albania to quell the disturbances along the frontier.

A Desperado Lynched.

WELLINGTON, Kan., Sept. 15.—Frank Jones, the desperado who shot William Gaines and fired into several houses here last Saturday, was quietly lynched between 1 and 2 o'clock this morning by fifteen or twenty armed men, who took him from the jail and hung him from a gang plank used by workmen at the new court house building.

Bank Officials are Eligible.

TRENTON, N. J., Sept. 15.—The members of the democratic electoral ticket of this state recently requested Attorney General Stockton's opinion as to the eligibility of bank presidents and cashiers to serve on the electoral ticket. The attorney general has given it as his opinion that such officials are eligible.

The Horses Victorious.

ST. LOUIS, Sept. 15.—The eight day bicycle-horse contest, which terminated here last night, resulted in a victory for the horses. The final score stood: Morgan, 445 miles; Amanda, 391; total for bicycles, 836 miles; Anderson and horses, 839 miles.

BLAINE dodged the prohibition question in Maine and the people will dodge Mr. Blaine in November.

A COMPLETE change in the administration can only loosen the grip of the pill-ferers of the public treasury.

BLAINE threatens to come west this month. While in this part of the country he might answer the interrogatories of the Indianapolis Sentinel.

It cost the republican national committee just \$300,000 to carry Maine for Blaine and prohibition. That expensive piece of sumptuary business will lose for Dodge Blaine the states of New York, Indiana, Ohio, Wisconsin, Illinois, Michigan and possibly Iowa.

The betting men of Harlem are looking for investments on the following basis: \$1,000 to \$750 that Cleveland is elected; \$1,000 to \$750 that he will carry New York state, by 25,000 majority; \$1,000 even that he will have 40,000 majority in this state; \$1,000 to \$500 that Cleveland will carry the state. The men and money can be found at the Centennial hotel, No. 2,313 Third avenue.

HON. W. BOURKE COCHRANE, one of the brilliant Irish leaders of Tammany hall, who held spell-bound by his eloquence the Chicago convention, was asked at the great Tammany meeting the other night if he would support Cleveland and Hendricks. "Yes," said he, "for I hear the cry of distress throughout the country and that cry calls me to arms for the democratic ticket. Beyond revenge lies patriotism, beyond dissatisfaction lies loyalty. Under these two master impulses we will win. Tammany hall is the Old Guard of the democratic party and there we will stay."

The hanging of the negro burker Johnson at Cincinnati last Friday was the infliction of merited punishment for a most horrible crime. Johnson's dying declarations, however, was the most remarkable part of his career. It is generally supposed that when a man, conscious of the near approach of death, attempts to speak he will at least tell the truth, but this villain, having repeated the stereotyped statement that he would go "straight to glory," added that he died innocent of the crime charged, and this too after he had made a full confession acknowledging all charged against him. Johnson has added to his numberless predecessors' tests that of ability to lie while on the scaffold. It is such little remarks as these that cause ordinary people to discredit the statement that they jump from the scaffold into the beauties and grandeur of heavenly bliss.

WHEN Tammany Hall declares for a candidate he gets the full Tammany vote. Samuel J. Tilden was an arch enemy of Tammany Hall, but when the chieftains said, "He is the democratic nominee and entitled to our support," Mr. Tilden got it, and the figures are on record to show it. They declare for Cleveland and Hendricks and the Tammany legions will rally around the democratic standard bearer with characteristic enthusiasm and honesty, making the great state of New York overwhelmingly democratic.

THE *Gazette*, after having noted the endorsement of Cleveland and Hendricks by Tammany and after having read such letters as Thad. C. Pound's and Mrs. Morrill's in regard to Blaine, and after hearing of the independent republican movement, of the repudiation of Blaine by such men as Conkling, Governor Hamilton Fish, Bristow, Walker and hundreds of other prominent men, after Blaine's dodging on the prohibition question and after the exposure of his report that has been made, after all this the *Gazette* says Blaine and Logan will sweep the north like a whirlwind and that the democracy have no hopes of securing the electoral vote of a northern state. If the democrats are so hopeless under all these circumstances it would be interesting to see what could bring them hope. Brag and bluster will not elect Blaine and nothing can do it. That there will be a great outpouring of money to accomplish it there is no doubt, but money will not always win.

WORKINGMEN!

We ask your attention for one moment to carefully consider the following propositions:

Has not the republican party controlled the national administration for almost twenty-four years?

Has it not enacted all the laws during that time?

Has it not executed the laws by men of its choice?

Has the party brought prosperity to you and your families?

Are you working for good wages all the time?

Are there no mills closed?

Are wages not cut down?

Do you find living cheap, rents low, provisions abundant and low-priced, clothing and other supplies down to the out in pay?

Can you tell when work will be abundant, wages good?

Are business affairs satisfactory to you?

Did not the republican party make business affairs what they are and as bad as they are?

How much more are your wages today than they were four years ago when this same republican party promised you more pay and more work if you would support its ticket?

Who has grown richer in the last four years of republican policy, you or the men who were rich then and who seek to allure you with the same sort of arguments now?

PROTECTION AND LABOR.

To the Editor of THE SENTINEL:

Do the agents of the Pennsylvania Iron, mill, manufacturers, who are sent to Europe to report on the wages and prices of living of the operatives write the truth, or do they write to order to suit the advocates of protection?

It would seem that the Pennsylvania mill, manufacturers and coal mine owners seem disposed to import half-civilized Hungarians by the ship load, but are opposed to their own men protecting themselves by labor combinations. The Pittsburgh papers give anything but flattering accounts of the poor condition of the miners. If the wholesale reduction of wages that has been going on in some of the eastern states is to continue, protection is a perfect farce as far as the working classes are concerned. The men are perfectly justified in uniting to protect themselves. When a boy has served a year apprenticeship to a trade, it is natural, he should desire to see his trade protected.

Every ship load of Hungarians or Italians that are imported to take the places of the old hands will make it so much the worse for the next generation. Some will say that the next generation of these emigrants will be Americanized and will have acquired the same habits of food and living as the natives. Nonsense! The second generation will be the same as the first. One sniff of the inside of their dwellings would tell plainly what kind of food they were living on.

I am not in favor of strikes, but want to see skilled work done by skilled workmen, and the latter are only to be had by the apprenticeship system.

WORKMAN.

A remedy that has proven itself a never failing cure for scrofula and syphilis disorders must quickly cure less terrible blood diseases. Dr. Guyot's Yellow Dock and Sarsaparilla is such a perfect blood purifier and strengthener of the body functions, that it cures the above diseases even when Hot Springs and all other treatment has failed. Remember, it is absolutely free from mineral poisons, and will not injure the most delicate constitution. Its use will make you feel buoyant, strong and well, and will rid your system of all blood impurities and every internal and external indication of disease.

THINK FOR YOURSELVES.

In 1880, when the republicans saw defeat, the managers hit upon the expediency of getting up the "tariff scare." Manufacturers having secured pledges that their interests should not be molested, put up the corruption fund to carry the election, and the working men were notified that if the democrats were successful wages would be reduced. A notice of this kind was posted in thousands of shops. Working men were frightened. In the past four years every workshop in the land, in which this notice was placed, has been either closed or the wages of the working men have been reduced. Working men, you voted in the past for protection. You are working short time and at reduced wages. You have a list showing the wages in other countries. Do you need to be told how little you get in wages to keep the dear wife and children? God help you if you will not think for yourselves.

Not one of the following trades are protected: Bakers, blacksmiths, bookbinders, bricklayers, cabinet makers, carpenters, farm laborers, street laborers, printers, plasterers, plumbers, painters, shoemakers, tailors and tanners.

All thoughtful men are at present anxious and perplexed at the prolonged industrial disturbance, of the over-protected mines and workshops. Working men, read and think for yourselves and vote for your own interests.

Why is it That the sale of Hood's Sarsaparilla continues at such a rapidly increasing rate? It is—

Harry Umstead keeps a shoe store on Calhoun street, but resides on East Washington street. The principal feature about Mr. Umstead is that he is an ardent republican and this his neighbors well know. Sunday morning he was somewhat surprised to find standing in front of his dwelling a fine hickory pole, from which streamed "Cleveland, Hendricks and reform." To say that he was mad does not do the subject justice but when the book agents began to gather about his place and offered to sell him the "Life of Cleveland" the insult became too unbearable and the offensive agents were compelled to fly for their lives. The pole still stands, simply, because he cannot dig it up as its planters stamped rage around it which makes it impossible to loosen the earth.

BATTLING FOR BONDS.
The Legal Struggle Between the Pennsylvania and Pittsburg, Fort Wayne and Chicago Roads.

Arguments are in progress at Pittsburg in the common pleas court in the proceedings brought by the Pennsylvania railroad company to compel the Pittsburg, Fort Wayne and Chicago railroad company to issue settlement stock on the lease and to enjoin them from proceeding to forfeit the lease for the with holding of rental claimed to be due. Plaintiff claims money is withheld under the lease because the stockholders refuse to issue stock as provided for in the agreement. A hard legal fight is anticipated. Ex-Senator Scott, Philadelphia, and Judge Logan, Westmoreland county, represent the Pennsylvania company and Hon. O. W. Case, New York, the Pittsburg, Fort Wayne and Chicago company. On behalf of the plaintiffs, affidavits by President Roberts and others were read, setting forth that the betterment of stock was not wanted for the purpose of obtaining control of the road. In support of this fact it was cited that whenever requested proxies have been turned over to President Meyer of the Fort Wayne company, to vote as he deemed proper. For defendants, affidavits were presented denying that the agreement between two companies called specifically for issuance of stock as security for betterment. All weakness and ill health owes its origin to an impure state of the blood and weakness of the urinary and digestive organs. A medicine that will strengthen these organs, and at the same time, purify the blood, will assist nature in curing nearly every disease, that human flesh and blood is heir to. Such a remedy is Dr. Guyott's Yellow Dock and Sarsaparilla, and, although it possesses no cathartic or diuretic effect, its use will soon establish a regular habit of body as well as cure weakness of the kidneys, indicated by urinary sediments, nervousness, etc.

Judge Nide heard issues this morning in the superior court.

The Great Sixth Ward Rally.

All democratic first voter clubs - and citizens of Fort Wayne will take notice that the Sixth ward rally and pole raising will be held Wednesday evening, September 17, 1884, instead of Thursday evening as advertised.

It is the wish of the Sixth ward citizens that the Jeffersonians and democratic first voters' clubs turn out in force and whoop the rally up lively.

The lord mayor of London was only a porter in a warehouse, but he persevered in the face of all opposition and rose rapidly. It is only persistency and merit that has made Dr. Bull's Cough Syrup the greatest remedy for coughs and colds now offered to the suffering public.

A Remedy for Lung Diseases.

Dr. Robert Newton, late President of the Eclectic College of the city of New York, and formerly of Cincinnati, Ohio, used Dr. Wm. Hall's Balsam very extensively in his practice, as many of his patients now living and restored to health by the use of this invaluable medicine can amply testify. He always said that so good a remedy ought to be prescribed freely by every physician as a sovereign remedy in all cases of lung diseases. It cures consumption and has no equal for all pectoral complaints.

True Merit Alone

has given Alcock's Porous Plasters the largest sale of any external remedy in the world. If you have been using other kinds of plasters, one trial of "Alcock's" will convince you of their wonderful superiority.

66 Broadway, Room 62,
New York, March 2, 1883.

Having been cured of a severe attack of rheumatism of the neck and shoulders by Alcock's Porous Plasters, I feel it my duty to strongly commend their use to any one similarly afflicted. For a period of several months I had exhausted many other so-called remedies without obtaining the slightest relief. Finally I applied one of Alcock's Porous Plasters, and found myself almost immediately cured. I consider them a true blessing.

Faithfully yours,
JAMES R. HOSMER.

Albert R. Tapping and Miss Winifred C. Dewey, of Milwaukee, while driving, were struck by a passenger train and instantly killed.

In the Hop Plaster are united fresh hops, gums and balsams, and its power is wonderful in curing back ache, sprains, bruises, neuralgia, pain in the side or soreness anywhere. Thousands testify to this.

The democrats of Washington Territory have selected C. S. Voorhees, a son of Senator Voorhees, for delegate to congress.

Figures Won't Lie.

The figures showing the enormous yearly sales of Kidney Wort, demonstrate its value as a medicine beyond dispute. It is purely vegetable compound of certain roots, leaves and berries known to have special value in Kidney troubles. Combined with these are remedies acting directly on the Liver and Bowels. It is because of this combined action that Kidney Wort has proven such an unequalled remedy in all diseases of these organs.
